Urvashi Soni

+919980106048, urvashi.soni05@gmail.com

An experience of 6 years in the technology industry, working on diverse technologies like React.js, Vue.js, Python, AngularJs, Node.js, AWS, Handlebars, Javascript, and Javascript libraries like Jquery, Underscore, Moment.

Professional Experience

SENIOR SOFTWARE ENGINEER, ONE CHAMPIONSHIP, BENGALURU - DECEMBER 2017 - PRESENT

- Developed the Content Management System using React-Redux, Vue.js, Material UI, and Node.js (Fastify framework).
    - Used AWS services like AWS S3 Acceleration Transfer Service, AWS SNS.
    - Implemented a login system using Google APIs and Contentstack.
    - Used MongoDB as a database for customized RBAC implementation.
- Developed the Content Management System using Python 2.7 and Django 1.11.
    - Used AWS DynamoDB, S3 bucket operations, AWS SNS.
    - Implemented Node.js Pubsubhubpub services for data sync purposes.
- Integration of various Webhook APIs (WordPress, Slack, Microsoft Teams, Youtube) with the different internal systems for data syncing and end-user notification tasks.

SOFTWARE ENGINEER, TABLEHERO, BENGALURU - NOVEMBER 2016 - NOVEMBER 2017

- Developed front-end using AngularJS (version 1.x) and AngularJS UI router. Used AWS DynamoDB and Node.js to develop backend APIs.
- Worked with Handlebars for the customer-facing website and Node.js for backend APIs.

SOFTWARE ENGINEER, RAYZINFOTECH - AUGUST 2014 - NOVEMBER 2016

- Built end to end customer-facing UI, using AngularJS (version 1.x) and AngularJs component routing.
- Built rest APIs using the Parse Javascript SDK (cloud code) for mobile Applications.
- Developed an end-to-end web-based admin tool to manage transactions in the app using PHP (Codeigniter Framework).
- During massive parse shutdown, migrated the database to mLab and hosted our own parse server on the AWS environment.

Skills

Node.js | Python | React.js | Javascript ES6 | DynamoDB | MySQL | AWS S3 acceleration | SNS | Git | Restful API | Webhook APIs | JWT | OAuth | Code Review | Parse | Firebase | mLab | JIRA | Contentstack | Sentry | Loggly

Education

Rajasthan Technical University - *Bachelor of Technology in Computer Science* JUNE 2010 - JUNE 2014
